PRODUCT INFORMATION

BIOKOSMA ACTIVE FOR THE DEMANDING OR MATURE SKIN	REVITALISING FACE MASK	MILD FACIAL LOTION	CLEANSING EMULSION	EYE CONTOUR CREAM	ANTI-AGEING CERAMIDE FLUID
Advantages	Activating skin care mask for vitality and resilience. Contains calendula extract, and carrot oil. The combination of soy proteins and pure oils from wheat germ, almonds and grape seeds moisturises and enhances skin structure. Smooths lines and contours perceptibly. Natural preservation system.	Purifying, revitalising, and moisture retaining lotion. Balances the skin's natural protective coat and enhances absorption of the subsequent care products. Natural preservation system.	Moisturises and pampers while cleaning. Carefully removes environmental, sebaceous, and make-up residues with mild substances from sugar beets. Contains sweet almond oil and calendula extract. Natural preservation system.	Revitalising anti-wrinkle skin care for the areas around the eyes. A combination of calendula extract, soy proteins, panthenol and jojoba oil regenerates and smooths the skin. Perceptibly diminishes the signs of skin ageing. Natural preservation system.	Intensely caring and firming skin fluid with natural anti-ageing complex from soy proteins, ceramides and vitamin E. Activates the natural cell protection, and provides long-lasting light tolerance. Contains calendula extract and carrot oil for vitality and freshness. Panthenol and jojoba oil increase the skin moisture binding capacity, and smooth lines and contours perceptibly. Natural preservation system.
Application	Application according to your needs after the treatment with BIOKOSMA ACTIVE Cleansing Emulsion and Facial Lotion . Let it take effect for about 15 minutes, then rinse off with lukewarm water.	After the treatment with ACTIVE Cleansing Emulsion apply the lotion with a cotton pad. Then follow up with BIOKOSMA ACTIVE care products.	Apply with a moist cotton pad onto face and neck and rinse thoroughly. Then apply BIOKOSMA ACTIVE Facial Lotion .	Apply after treatment with ACTIVE Cleansing Emulsion and Facial Lotion and before other BIOKOSMA skin care products.	Apply fluid after the treatment with BIOKOSMA ACTIVE Cleansing Emulsion and Facial Lotion and, depending on your requirements, under day or night cream.
