BATH OILS AND BALSAMS

BATH OILS AND BALSAMS

As known from ancient times baths provide a sense of wellbeing and harmony to body and soul. An effective bath additive needs the ideal combination of the best ingredients. **BIOKOSMA** bath preparations fulfil these requirements and offer an optimal biological effect. Depending on the added plant extract and the essential oils, the baths are strengthening, calming or balancing.

PRODUCT INFORMATION

BIOKOSMA CARE BATH OILS AND BALSAMS	BALM-MINT BATH BALSAM	HOP BATH BALSAM	PINE BATH BALSAM	HAYFLOWER BATH EXTRACT
Advantages	Gives you the necessary balance when life seems to lose its equilibrium. Contains 100% pure balm-mint oil in a slightly re-fattening plant basis. Provides skin care while bathing.	Banish the cares of a stressful day as you release the long known relaxing properties of hop blossom extracts in your evening bath! The slightly re-fattening balsam provides skin care while bathing.	The refreshing scent of 100% pure pine oils in a slightly re-fattening basis helps to relax and restore balance to nerves and emotions enabling you to face life with new zest. Provides skin care while bathing.	Strengthens and revitalises body and soul when you feel the strain of everyday life. The precious hayflower extract is carefully obtained from high alpine, unfertilised meadows.
