BIOKOSMA FOR DRY AND SENSITIVE SKIN

Gentle and soothing are the requirements for the care of sensitive and dry skin. The secret of the BIKOSMA SENSITIVE range lies in the soothing effects of malva extract and the valuable aloe-vera moisturiser gel. Various oils like those from avocado and almond are intensely skin-caring and skin-protecting. They also increase the resilience of dry and sensitive skin.

PRODUCT INFORMATION

BIOKOSMA SENSITIVE FOR DRY AND SENSITIVE SKIN	CLEANSING EMULSION	REFRESHING LOTION	MASK
Advantages	Extremely mild and gentle cleansing emulsion. Removes environmental and make-up residues. The total extracts from malva calm sensitive skin.
