BIOKOSMA SHOWER GEL AND BATH MILK RANGE	VERBENA CREAM BATH	CELLULITE BATH	CELLULITE MASSAGE	CELLULITE PEELING SOAP
<b>Advantages</b>	A balanced blend of essential plant oils soothes skin and promotes natural functions. Contains sunflower oil, wheat germ oil, sweet almond oil and specific substances from verbena odorata, rosemary and juniper.	Stimulates natural skin functions. Enhances cellulite treatment. Natural sea weed extract purifies subcutaneous tissue.	Enhances cellulite treatment and retains moisture in the skin. Natural sea weed extract improves skin structure of problem areas. Liposomes activate the firming effect of the plant extracts and leave moisturising agents on your skin.	For gentle body peeling. Stimulating. Ideal for preparation and support of cellulite treatment with <b>BIOKOSMA BASIC Cellulite Bath</b> . With seaweed extract and ground pumice. Contains pure plant oils.
<b>Application</b>	Fill bath tub with warm water (35-38° C). Add 1 cupful of bath preparation and stir well to activate plant essences to their maximum effectiveness. Relax and enjoy your bath for 10 to 15 minutes. Also suitable for whirlpool bath. Use for any skin type.	For maximum effect take a Cellulite Bath 2-3 times a week. Follow with an application of <b>BIOKOSMA BASIC Intensive Cellulite Massage</b> for best results.	Apply daily, massaging lightly into skin of problem zones. For best result apply after a <b>BIOKOSMA BASIC Cellulite Bath</b> . Use for any skin type.	Lather in your hands, apply on damp body skin and massage with circular motion. Rinse off under the shower.
